COMMUNICATION

Mail Stop PCT
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

Applicant requests the Commissioner of Patents to accept the enclosed sheet of drawing marked 10/10 as part of the original filing of the above identified application.

The above-identified application was intended to be filed with ten (10) pages of drawing, however, the return receipt postcard indicated that only nine (9) pages of drawing were received by the Patent and Trademark Office.

The U.S. application is based upon PCT/DE 2004/000023, which was published on August 5, 2004 as WO 2004/064551 A1. That publication contained ten (10) sheets of drawing. The Declaration for Utility or Design Patent Application referenced both WO 2004/064551 A1 and the underlying German Application Serial No. 20300973.8 filed January 21, 2003.

We understand that we have no obligation to file the tenth sheet of drawing, however, for the sake of good order we enclose the sheet marked 10/10 to complete the filing.

*Drawing #10 is in the
application.*

The Commissioner of Patents is respectfully requested to include the enclosed sheet 10/10 as part of the original application filed on July 18, 2005.

Respectfully submitted,

Date: August 22, 2005
